## Investment segmentation of underlying fund

## Are there any guarantees?

This segregated fund is being offered under an insurance contract. It comes with guarantees that may protect your investment if the markets go down. The MER includes the insurance cost for the guarantee. For details please refer to your information folder and contract.

## Who is this fund for?

A person who is investing for the medium to long term.

## How has the fund performed?

This section tells you how the fund has performed over the past 10 years for a policyowner who chose the Basic guarantee option. Returns are after the MER has been deducted.

It's important to note that this does not tell you how the fund will perform in the future. Also, your actual return will depend on the guarantee option you choose and on your personal tax situation.

### Average return

A person who invested \$1,000 in the fund on Dec. 31, 2007 and chose the Basic guarantee option now has \$1,401.41 on Dec. 31, 2017. This works out to an average of 3.43% a year.

### Year-by-year returns (%)

This chart shows how the fund has performed in each of the past 10 years for a policyowner who chose the Basic guarantee option. In the past 10 years the fund was up in value 8 years and down in value 2 years of the 10.

## How risky is it?

The value of your investment can go down. For information on the underlying fund, ask your advisor for a copy of the current simplified prospectus.

#### 2. Ongoing expenses

The MER includes the management fee and operating expenses of the fund. The MER includes the insurance cost for the basic guarantee. You do not pay these expenses directly. They affect you because they reduce the return you get on your investment. The cost of any additional guarantee options is not included in the MER. For details about how the guarantees work, see your insurance contract.

Guarantee option	MER (Annual rate as a % of the fund's value)	Guarantee fee included in MER (%)	Enhanced guarantee fee excluded from MER (%)
Mackenzie Segregated Funds – Basic	2.86	0.25	0.50

Available additional guarantee options are subject to the following fees. For details please refer to your information folder and contract.

Guarantee option	Death benefit guarantee reset option (%)	Maturity guarantee reset option (%)
Mackenzie Segregated Funds – Basic	n/a	n/a

#### Trailing commission

Mackenzie pays your advisor a trailing commission of up to 1.0% of the value of your investments for the services and advice provided to you. The trailing commission is paid out of the management fee for as long as you hold the fund. The rate depends on the sales charge option you choose.

#### 3. Other fees

You may have to pay other fees when you redeem or exchange units of the fund.

Fee	What you pay
Short term trading fee	Up to 2% of the value of units you redeem or exchange within 90 days of investing in the fund. This fee goes to the fund.
Exchange fee	Up to 2% if you switch units of your fund for units of another fund. This fee is negotiable with your advisor.

### What if I change my mind?

You can change your mind and cancel the segregated fund policy, the initial pre-authorized chequing premium or any lump sum premium you apply to the policy by telling us in writing within two business days of the earlier of the date you received confirmation of the transaction or five business days after it was mailed to you. Your cancellation request has to be in writing, which can include email, fax or letter, that you want to cancel. The amount returned will be the lesser of the amount of the premium being cancelled or the value of the applicable units acquired on the day we process your request, if it has gone down. The amount returned only applies to the specific transaction and will include a refund of any sales charges you paid. No fees will apply to process your request.
