* The MSCI World Index is a free float adjusted, market capitalization weighted index that is designed to measure the equity market performance of developed markets. It consists of 24 developed market country indices.

** The major holdings of the Fund may, but do not necessarily, represent the largest holdings of the Fund. Rather, the major holdings are selected for their overall significance in evaluating the investment portfolio. Please see mackenzieinvestments.com/currency to view funds/products using currency derivatives to hedge exchange rate risk.

† On July 26, 2013, the Fund changed its mandate from investing in equity and fixed income securities of companies that operate primarily in infrastructure related businesses to investing primarily in equity securities of companies anywhere in the world that pay or are expected to pay dividends. The past performance before this date was achieved under the previous objectives. On December 9, 2013, Darren McKiernan became Mackenzie Global Equity & Income Team Lead and assumed management responsibilities. On July 26, 2013, the Fund changed its investment objectives to become a global dividend fund. The past performance before this date was achieved under the previous objectives.
