* The MSCI ACWI Small Cap Index is a free float adjusted, market capitalization index that is designed to measure equity market performance of global small caps. It consists of over 6,400 securities across developed and emerging markets.

** The major holdings of the Fund may, but do not necessarily, represent the largest holdings of the Fund. Rather, the major holdings are selected for their overall significance in evaluating the investment portfolio. Please see mackenzieinvestments.com/currency to view funds/products using currency derivatives to hedge exchange rate risk.

† On July 26, 2013, the Fund changed its investment objectives to broaden the investment objectives of the Fund from a North American fund to a global fund. The past performance before this date was achieved under the previous objectives. Fund formerly known as Mackenzie Ivy Enterprise Fund.
