Why Invest in this fund?

- Pursues long-term capital growth by investing in a select group of high-quality, European companies – including those with significant international operations.
- Suitable as a complementary European equity holding with lower volatility characteristics – preservation of investors' wealth is a hallmark of the Fund's investment approach.
- Truly differentiated European equity offering with low correlation to the S&P/TSX Composite Index.

Risk Tolerance

LOW		MEDIUM		HIGH

* The MSCI Europe Index is a free float adjusted, market capitalization weighted index that is designed to measure the equity market performance of the developed markets in Europe. It consists of 16 developed market country indices.

** The major holdings of the Fund may, but do not necessarily, represent the largest holdings of the Fund. Rather, the major holdings are selected for their overall significance in evaluating the investment portfolio. Please see mackenzieinvestments.com/currency to view funds/products using currency derivatives to hedge exchange rate risk.
