* The S&P/TSX Global Gold Index is designed to provide an investable index of global gold securities. Eligible securities are classified under the Global Industry Classification Standard (GICS) and include producers of gold and related products, including companies that mine or process gold and the South African finance houses which primarily invest in, but do not operate, gold mines.

** The major holdings of the Fund may, but do not necessarily, represent the largest holdings of the Fund. Rather, the major holdings are selected for their overall significance in evaluating the investment portfolio. Please see mackenzieinvestments.com/currency to view funds/products using currency derivatives to hedge exchange rate risk.
