SMALL CAP	0%	0%	0%

Why Invest in this fund?

- Strictly adheres to a value investment style: buying undervalued, out-of-favour or misunderstood situations, which can generate competitive long-term returns as these situations re-price in the market.
- Invests globally in a free-to-roam mandate that is concentrated in the portfolio manager's highest conviction ideas.
- Fund uses a pure bottom-up stock selection process, thus avoiding the need to time the markets.

* The MSCI World Index is a free float adjusted, market capitalization weighted index that is designed to measure the equity market performance of developed markets. It consists of 24 developed market country indices.

** The major holdings of the Fund may, but do not necessarily, represent the largest holdings of the Fund. Rather, the major holdings are selected for their overall significance in evaluating the investment portfolio.
